Monday 18th January 2021

Dear Parents/Carers,

Testing

As you may be aware, we have now started mass testing at Ernulf Academy for staff and students currently on site.

Key Stage 3 students in school are due to be tested on **Tuesday 19th January 2021**. Your child has received an individual registration card and individual barcodes today ready for their lateral flow test tomorrow.

For this test to take place and be recorded correctly, we will need you to register your child this evening before Tuesday 19th January 2021. This will mean you will receive your child's results 30 minutes after their test directly to your email address and mobile phone number entered during the registration. The registration process takes 5-10 minutes, and the instructions on how to register are on the card. Please ensure your child returns to school with the registration card and individual barcodes together on Tuesday 19th January 2021, as without this we will not be able to record their results.

You will need to know the Site ID for the testing which is ECXW – Ernulf Academy.

Thank you for your cooperation and support with this.

Stay safe!

Yours Sincerely,

Charly Guidford

Business Manager & HR advisor
