Dear parents/ carers,

My Child At School App

I am writing to support year 7 parents in creating their new My Child at School (MCAS) app. I would also like to encourage parents of other year groups who are yet to set up the app, to do so.

You will have received an invitation to MCAS, including a username and invitation code. If you have not received this information, please contact the office at office@astreaernulf.org, who will be happy to support. The MCAS app is available to download free of charge from your App Store/ Google Play and will allow us to easily communicate with parents. Simply search for "My Child At School" and download the parent portal.

Whether it's sharing information such as attendance, achievement and behaviors that have been awarded, key dates or viewing the latest progress report, all of the information is easily accessible from the convenience of your phone, tablet or PC.
